Bunker Social — End-to-end upload screen recording

Full screen recording (3:07), unlisted on YouTube:

https://youtu.be/wqpiXgmX3XM

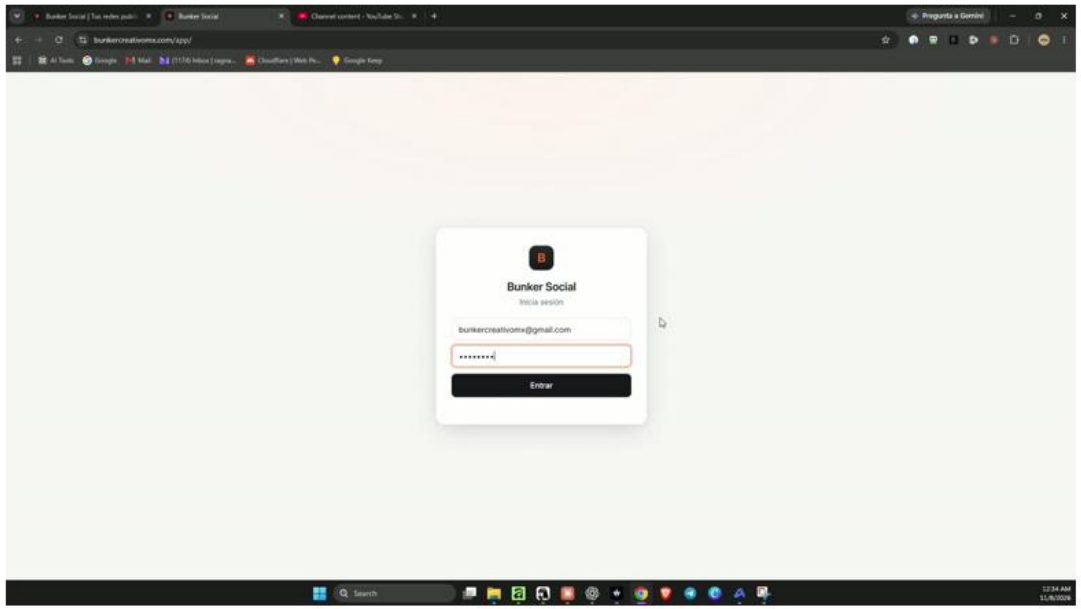

It shows the complete process without cuts:

1. Bunker Social homepage and sign-in (bunkercreativomx.com/app)
2. Google OAuth with client ID 822503425205-6c3lvorg6885qiid5h45hb9mv3q32lg3
   .apps.googleusercontent.com visible in the address bar
3. Consent screen with youtube.upload and youtube.readonly
4. Connected channel (@ailearning3.0) assigned to a business
5. New post: video upload, title, privacy, Publish now
6. Video received and published in YouTube Studio
7. Disconnect: channel removed and Google token revoked

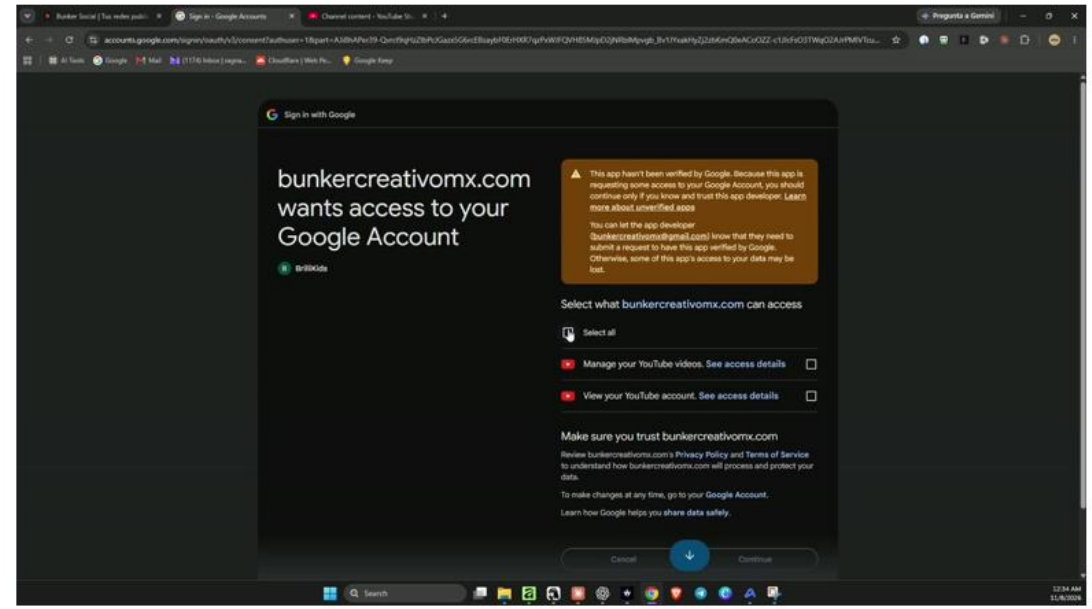

Project number: 822503425205 · Contact: bunkercreativomx@gmail.com

The following pages are frames taken from that same recording.

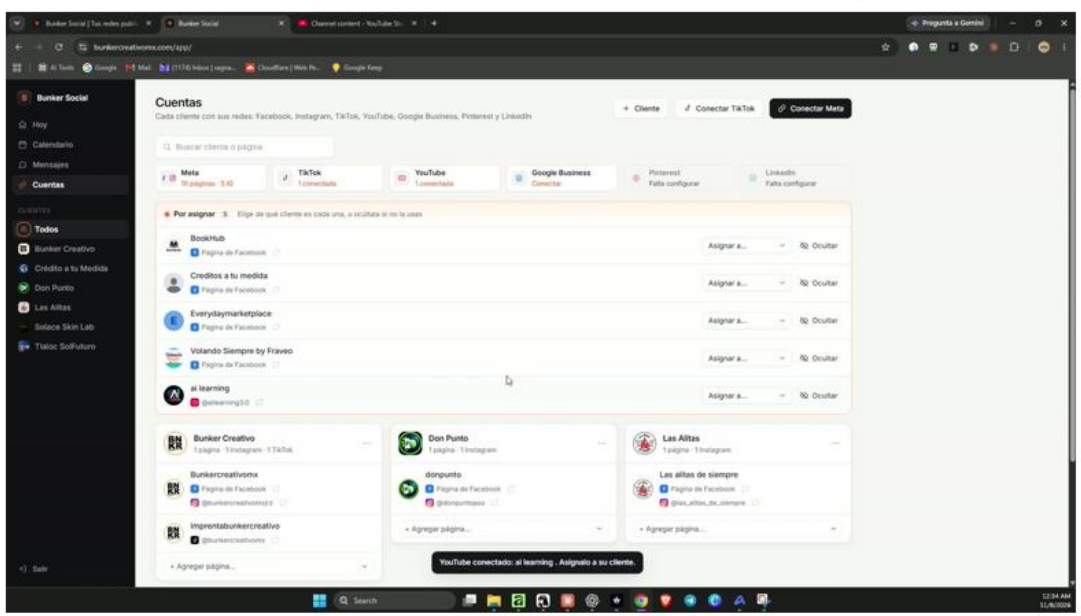

1. Signed-in dashboard (t=0:20)

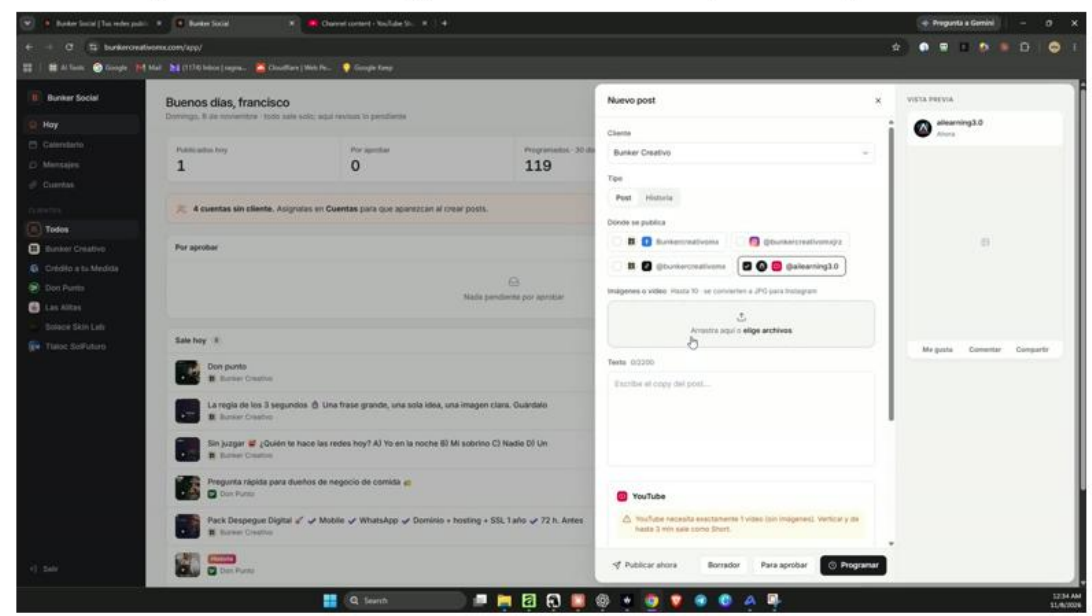

2. Google consent: both YouTube scopes (t=0:45)

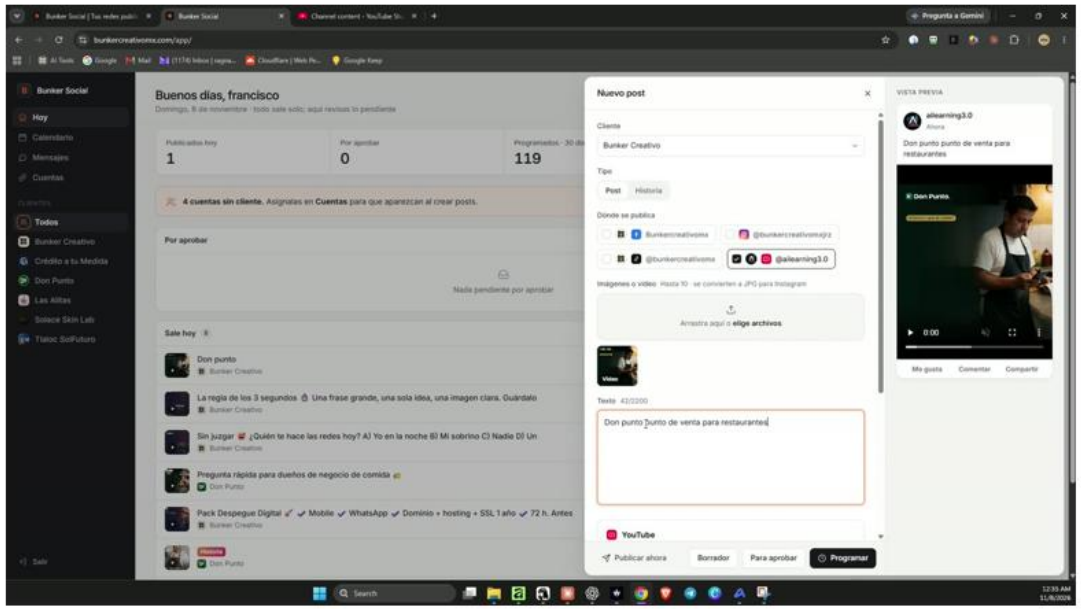

3. Back in Bunker Social: channel connected (t=0:50)

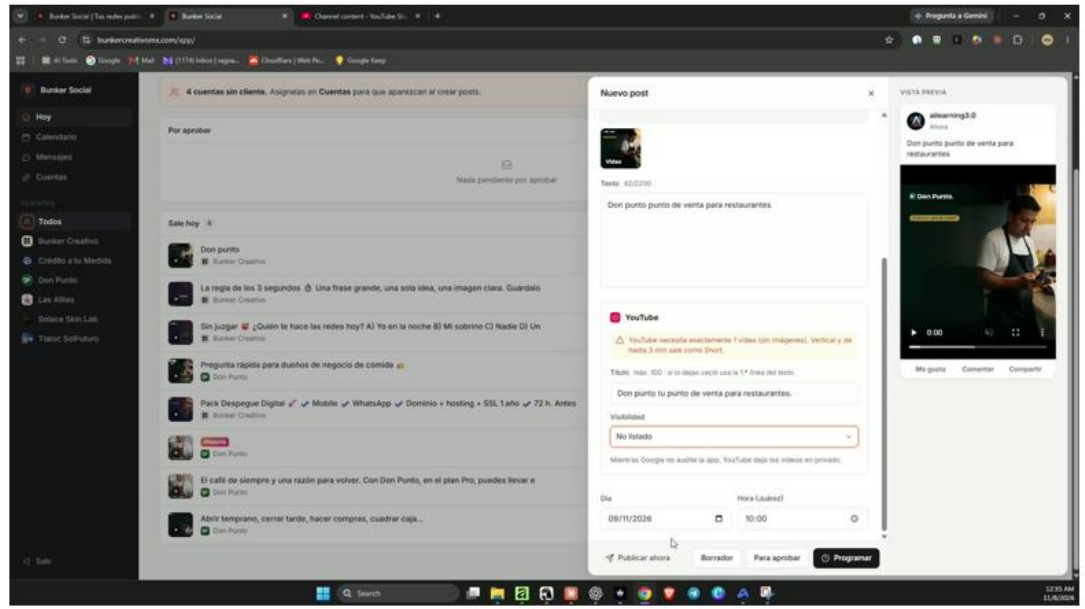

4. New post: choosing the video file (t=1:05)

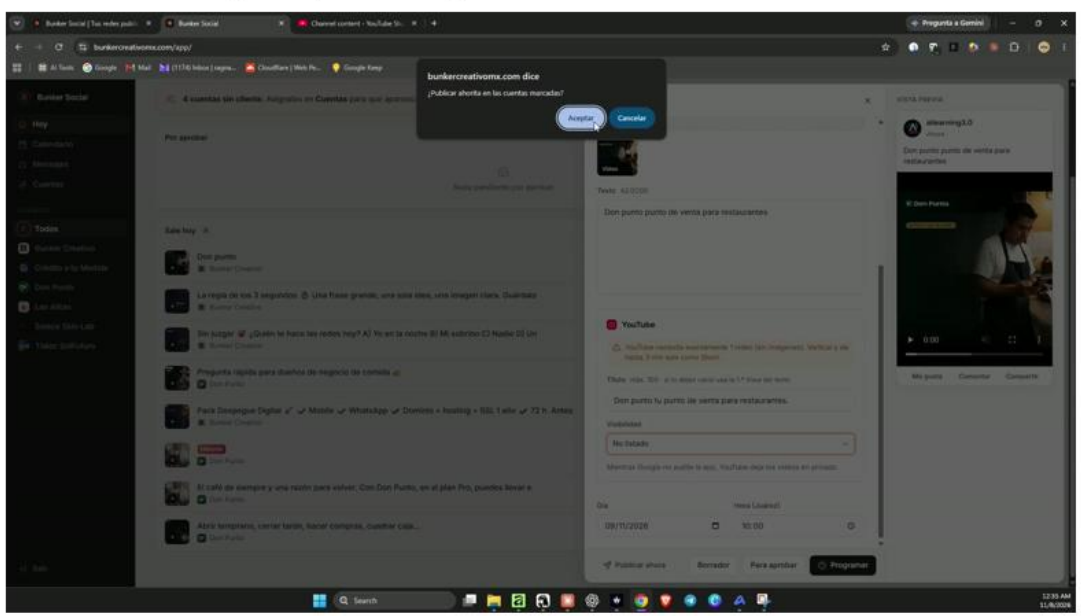

5. YouTube options: title and privacy (t=1:25)

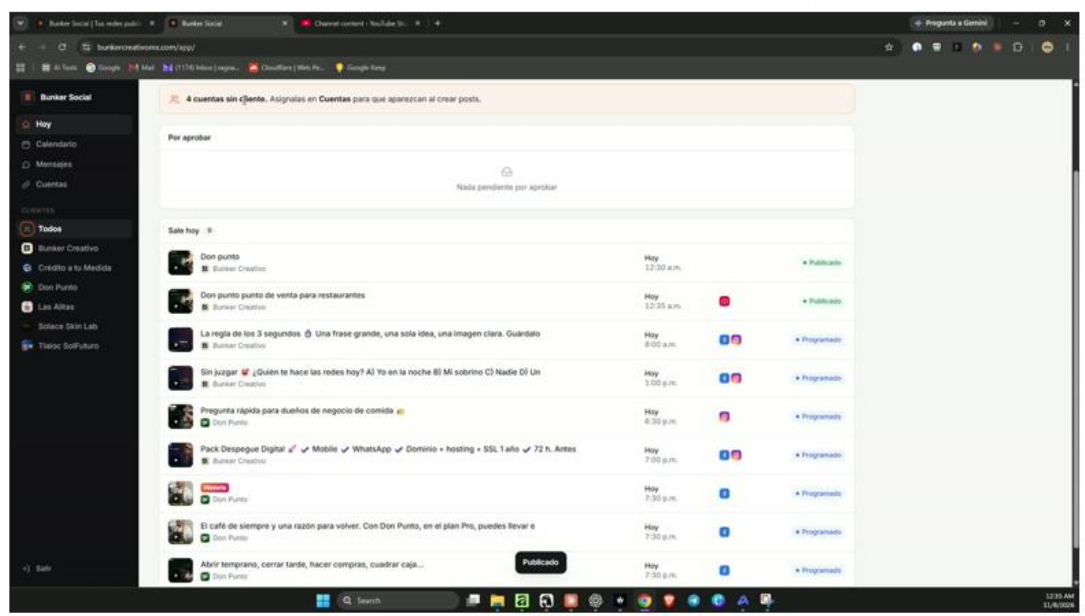

6. Privacy set, ready to Publish now (t=1:44)

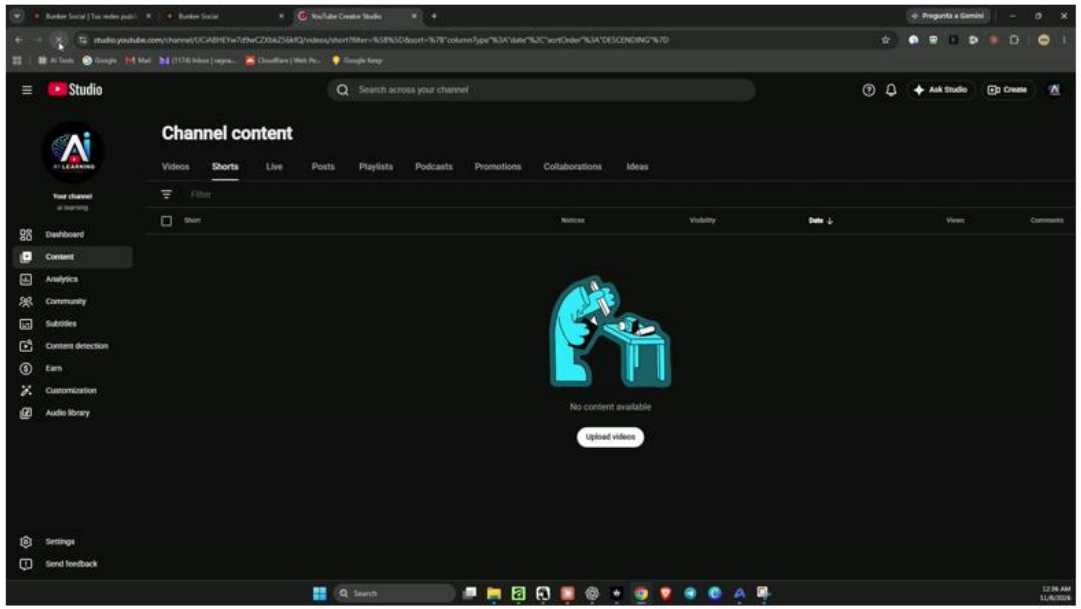

7. Publishing... (t=1:50)

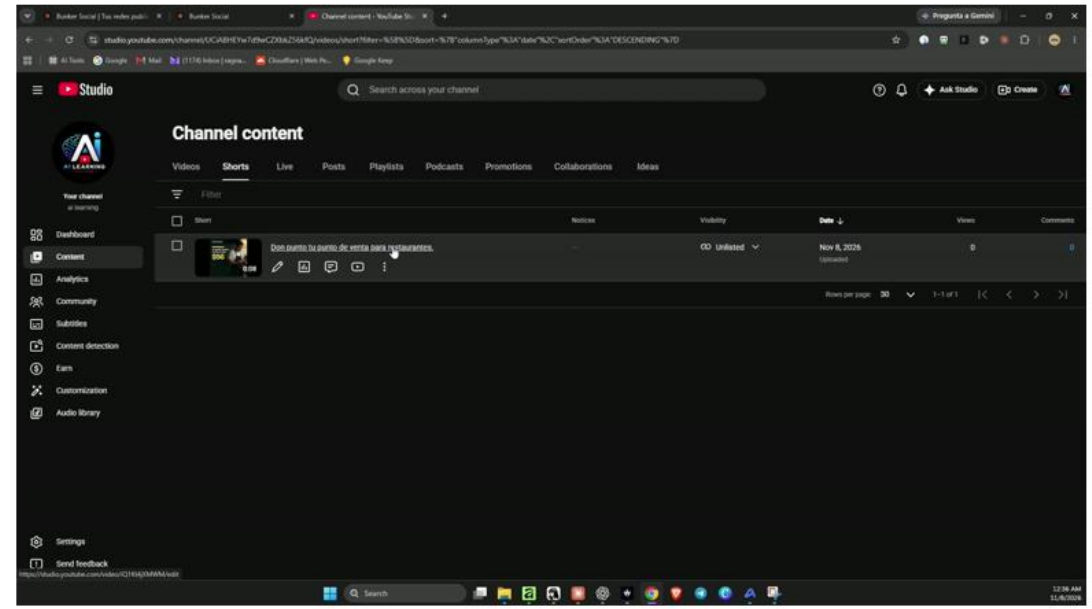

8. Dashboard shows "Publicado" (YouTube) (t=1:55)

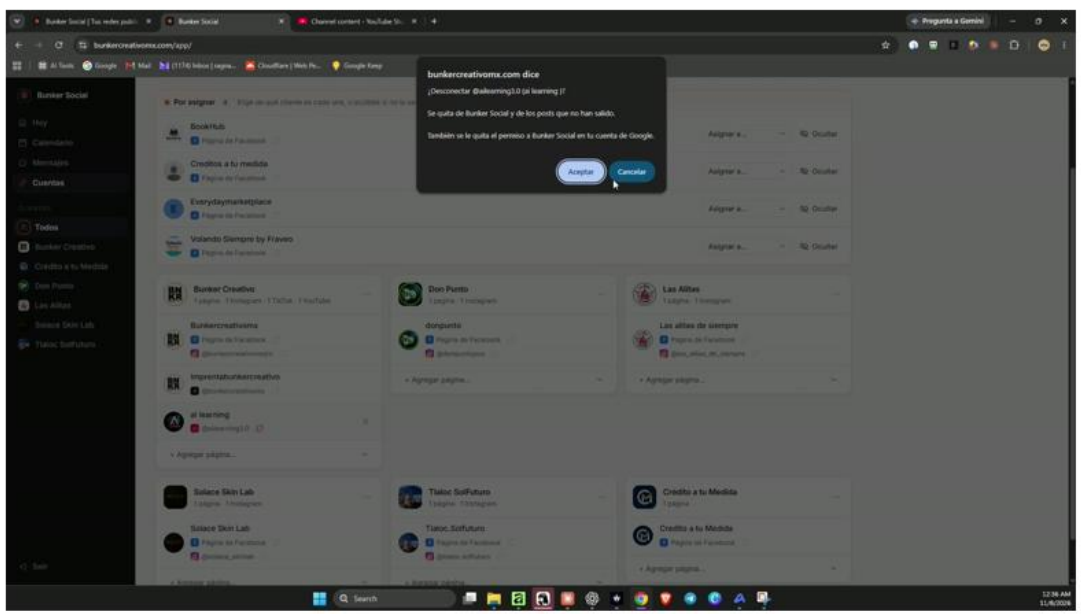

9. YouTube Studio: video uploaded (t=2:20)

10. YouTube Studio: video details (t=2:30)

11. Disconnect confirmation (revokes Google) (t=3:03)

12. Channel disconnected (t=3:06)
